

Year 3 Home Learning

This is your home learning for the next few weeks. Everyday there are set tasks from your teacher and there is also a mini project you can complete over the time.

You can email or tweet your learning or share it on your weekly phone call with your teacher.

Breaking News: Unbelievable Usain Retires

11 At just 31 years of age, Usain Bolt has retired today
22 from his career as a professional athlete, with the title of
31 'Fastest Man in the World' securely under his belt.

41 Born in Jamaica in 1986, Usain has loved sport from
52 an early age and spent most of his childhood running in
59 school competitions across the country, winning many
70 medals and titles. By the age of fifteen, Bolt had grown
81 to almost two metres tall, which helped him to stand out
87 amongst competitors of the same age.

94 In 2002, at the World Junior Championships,
100 Bolt became the youngest gold medal
107 winner ever for the 200 metre race.
114 His career began there and he has
119 since earned an astonishing and
123 impressive eight Olympic gold
129 medals. Usain Bolt will forever be
136 known as one of the greatest sprinters
139 of all time.

Quick Questions

1. Find and copy two adjectives which the author uses to describe the Olympic gold medals Usain has earned.

2. In which country was Usain Bolt born?

3. How did Usain's height compare to other children of the same age?

4. Sum up what you have read about Usain Bolt in 20 words or less.

Two for One

9 All our lives, we have done everything together. We've
19 had the same haircuts, worn the same clothes and we've
30 even finished all of our meals at exactly the same time.
40 But there is one thing that is definitely very different
50 about me and my twin, Johnny: the football teams we
52 play on.

63 I play for the Bolton Buffalos (clearly the best) and Johnny
74 plays for the Leigh Lions. Last Sunday was the first time
83 our teams have competed against each other and the
94 stakes were high. It was the final of the local football
102 league's annual competition and, what a surprise, the
112 Jones twins struck again. We both scored a goal within
124 the last minute of the match and the final score was one
133 all. I guess we're not so different after all.

Quick Questions

1. '...the Jones twins struck again.'
How else could the author have said this?

2. What is the twins' last name?

3. What is similar and different about the twins?

Similar: _____

Different: _____

4. What do the words '(clearly the best)' in brackets show about the author's opinion on the football teams the twins play for?

Unusual Olympic Sports

9 Throughout its history, the Olympic Games have held a
18 range of strange and unusual competitions that we no
23 longer take part in today.

34 **Rope Climb:** Stopped in 1932, this was an event in which
45 competitors had to climb up a rope as quickly and as
53 stylishly as possible. The most impressive winner was
63 George Eyser in 1904, who won gold despite having a
65 wooden leg!

75 **Tug of War:** At every Olympic Games until 1920, teams
86 of eight men would have to pull their opponents six feet
97 over a line on the floor. The British team, containing lots
106 of police officers, were very good at this event.

114 **Swimming Obstacle Race:** This event only happened in
124 the 1900 Olympics. Swimmers had to climb over a pole
134 and a row of boats, before swimming under another row
140 of boats towards the finish line.

Quick Questions

1. Find and copy two adverbs which describe how competitors had to climb up the rope.

2. In what year did the only Swimming Obstacle Race take place?

3. Why was George Eyser's gold medal win the 'most impressive'? Explain your answer.

4. How do these sports compare to Olympic events we see today?

The Ultimate Jungle Survival Guide

11 To survive in the jungle, one of the world's harshest and
19 most inhospitable places, your two priorities are clear:
29 water and shelter. Without these, you won't make it a
31 single night.

41 Deep within the jungle, sources of fresh water are hard
53 to come by. Keep an eye out for any fallen leaves which
62 have caught pools of rainwater and drink them straight
74 away. You need to drink around 10 litres of water a day
81 to stay alive in this raging heat.

91 Before darkness falls, build a shelter high up off the
99 ground to avoid tigers and other predators overnight.
108 Banana leaves make an excellent shelter from the rain
116 and vines will hold together your hammock whilst
118 you sleep.

Quick Questions

1. What are the two priorities of jungle survival?

2. Find and copy a phrase which the author uses to show that the jungle can be deadly.

3. Why do you think the guide advises to build a shelter 'before darkness falls'?

4. Sum up the key points of this text in 15 words or less.
