

Learning Project - 20.04.20

Year 3

Who Do You Think You Are?

I visited the Taj Mahal in India by using the website: www.airpano.com
IT is an amazing way to hear the music of that area and see the famous landmarks.

Choose one of our countries and see where you can visit. You could carry out your own sole project or find out more about their culture. I even visited this amazing castle in Germany.

Let's be CREATIVE!

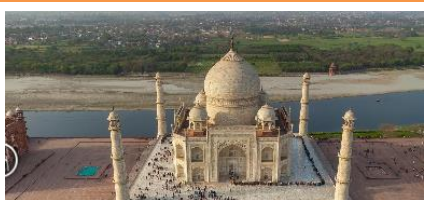

Discover artist Goldsworthy and art in nature https://www.youtube.com/watch?v=LP_P7ZcW7U

How about get you create your own Goldsworthy inspired art. You can share it with us via email or add it to twitter. <https://www.slideshare.net/nivaca2/andy-goldsworthy-for-kids>

Build a Landmark

Try some DT out and build it using Lego or a cereal box or with recycled resources!

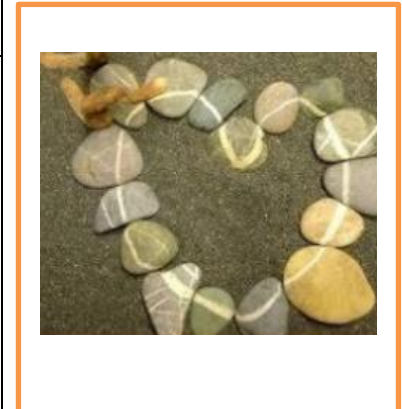

LET'S GET ACTIVE!

We all seem to be following Joe Wicks on youtube now. But nows the time to practice riding your bike without the stabilisers or learning a few tricks on your trampoline.

SHARE WHAT YOU CAN ON TWITTER OR VIA EMAIL

Goldsworthy made art in nature using things that were readily available. If you took yourself on a nature walk or looked in your garden you may be able to find lots of resources

Let's be SCIENTISTS!

Animals & Habitats

What animals live in your back garden?

Through research find out the species of birds/ animals that live near you. You could photograph them, draw them or create a piece of writing about them. What do you see and hear. I find the best time to hear birds is early morning when they are greeting each other. <https://www.ecokidsplanet.co.uk/blogs/news>

LET'S GET COOKING!

Now flour is in short supply, so make something without using flour that the whole family can enjoy! Look around the cupboards and find some plentiful ingredients you could use to make a recipe like -

I have made flapjacks which only take 4 ingredients. Butter, Oats, Honey and sugar. You can add your own additional ingredients for your tastes. I added raisins. What will you create?

HISTORIANS

We have been researching Grimsby and its past. What else can you find out about Grimsby or your own heritage?

Don't forget to email Mrs Rose and I your presentations, docs, pics or just tell us about what you have done!
holly.richardson@scarthojunior.co.uk
ruth.rose@scarthojunior.co.uk

Be SOLE

Take any subject area here and create your own project and present in a way you like!

At school the children went pond dipping. If you have a pond at home or near by grab an adult and a jar and see what you can discover.
