

Learning Project - 20.04.20

Year 6

Let's be HISTORIANS!

Watch the video below to learn about the Aztec civilization.

<https://www.youtube.com/watch?v=nWxqZeELbU>

Watch the video below to learn about the Aztec Empire ended. Can you produce a powerpoint presentation about an aspect of the Aztecs like their Kings, inventions, buildings, religions?

<https://www.youtube.com/watch?v=0t5BxjEPox0>

How did the Aztec Empire End?

Build an Aztec

Try some DT out and build it using Lego or a cereal box or with recycled resources!

LET'S GET ACTIVE!

How about watch a child friendly tiktok dance and create your own routine or teach your parents one and have a dance off! It's great exercise. You can twitter it @ScarthJ

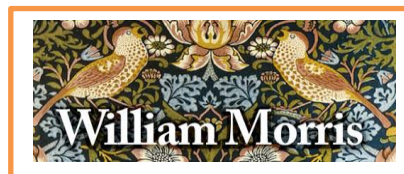

DON'T FORGET TO JOIN JO WICKS FOR DAILY WORKOUTS LIVE ON YOUTUBE @ 9AM

Let's be CREATIVE!

Discover artist and the 'Arts & Crafts' movement at the link below

<https://www.youtube.com/watch?v=pl3EN407rbs>

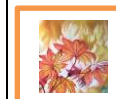

William Morris wrote a fictional book called, 'News From Nowhere'. It was a story about an England in the future. What today we call science-fiction. Can you create and write a comic strip set in the future where England is a very different place?

How about get some old end bits of wall paper and use the blank side to recreate a William Morris wall paper pattern of your own design and colour with paints, felts or crayons!

Morris was inspired by nature like many great artists, so why not draw something natural like an insect, flowers, tree. Let nature inspire your art!

Let's be SCIENTISTS!

Animals & Habitats

Watch a David Attenborough documentary and make notes!

Through research by using books at home, online resources or knowledge from family and friends, create a fact file about an animal and its habitat. You could make a set of Top Trumps Cards of several animals like -

LET'S GET COOKING!

Now flour is in short supply, so make something without using flour that the whole family can enjoy! Look around the cupboards and find some plentiful ingredients you could use to make a recipe like -

These are some meringues I made earlier. I like to whip some cream and stick two together, delicious!

LET'S BE GEOGRAPHERS!

Ben Fogle is streaming live at 4pm each day on Instagram and has a series about famous adventurers who conquered uncharted territories around the world if you search YouTube.

Find out about a famous explorer such as Shackleton, Captain Cook, Ranulph Fiennes or Nelly Bly to name but a few. Write about what they discovered or accomplished and how/why. Or how about link it to animals and explore the country of an endangered species and detail their country of origin.

Be SOLE

Take any subject area here and create your own project and present in a medium you like!

Don't forget to mail Mr Graves and I your presentations, docs, pics or just tell us about what you have done!
