

Year 4 Home Learning - w/c 20 April

There are so many things on social media suggesting what you can do with your children during this strange time and for some of us there is simply too much to take in. We've put together a timetable that you may find useful. There is no expectation, as we have said previously, that you and your child complete any or all of this. We really do appreciate that all families are finding themselves in very unfamiliar circumstances. Just know that your child's wellbeing is at the fore of all we are doing.

Ozma and the Little Wizard

- 12 Once upon a time, in the beautiful Emerald City, lived an adored
25 girl called Princess Ozma, who was ruler of all that country, and a
35 little, withered old man known as the Wizard of Oz.
- 45 This little Wizard could do many strange and magical things,
58 but he was a kind man, with merry, twinkling eyes and a sweet
69 smile so, instead of fearing him because of his magic, everybody
71 loved him.
- 82 Ozma wished that all the people who inhabited the pleasant Land
95 of Oz should be happy and contented so one morning she decided to
109 make a journey to all parts of the country to check. She asked the
120 little Wizard to accompany her and he was glad to go.

The Salem Witch Trials

- 11 The Salem witch trials were arrests made in the town of
19 Salem, USA, between February 1692 and May 1693.
- 29 They began when two little girls, Betty Parris (aged 9)
38 and Abigail Williams (aged 11), began to have seizures,
46 which would make them twitch and scream – moving
55 their bodies in an unusual way and making strange
64 noises. The village doctor, William Griggs, said that they
74 were 'bewitched' and people began to hunt for the 'witch'
79 that had cursed the girls.
- 88 Three women were accused: Sarah Good, a local homeless
98 person; Sarah Osborne, an old lady who did not attend
108 church; and Tituba, a servant. Over the course of the
117 trials, over 150 innocent people were put into prison
122 after being accused of witchcraft.

An Egg-cellent Competition

8 There weren't many things that Billy Edwards was
19 good at. He couldn't hold a tune, he couldn't spell and
31 he couldn't get 10 out of 10 on his mental maths test,
42 no matter how hard he tried. But there was one thing
53 that Billy Edwards was better at than anyone else in the
62 school: the annual sport's day egg and spoon race.

72 Billy had been preparing for this day for months. He'd
83 driven his dad mad by running up and down stairs with
92 a hard-boiled egg balanced on the smallest teaspoon he
102 could find in the drawer. Sometimes, if he was feeling
111 particularly brave, he wouldn't boil the egg first... that
124 was a real test of skill. At last, his moment of glory had
134 arrived and he stood at the starting line, determined to
137 win first prize.

Quick Questions

1. Find and copy a word which tells you that the egg and spoon race only happened once per year.

2. Name two things that Billy was not very good at?

3. Why would not boiling the eggs first be a 'real test'?

4. 'At last, his moment of glory had arrived...'
What does this sentence tell you about what Billy was expecting to happen?
