

# Learning Project - 20.04.20

Year 4

## Let's learn about the REAL WORLD

Find pictures and create a collage of REAL LIFE Heroes.

Have a go at finding photographs or pictures from the news about people who are heroes. Look at the newspapers online. What acts of bravery or selflessness can you read about?

## Let's be CREATIVE!

Discover Pop Art by Roy Lichtenstein and Andy Warhol

[https://www.youtube.com/watch?v=o8Va9Y\\_rINg](https://www.youtube.com/watch?v=o8Va9Y_rINg)

How about getting a sheet of A4 paper and creating your own Andy Warhol or Roy Lichtenstein? Use bold colours, heavy black lines around the edges and dots around the background.

Warhol and Lichtenstein were inspired by normal objects around them. so why not draw something you find around the house

How about counting the numbers of rainbows or messages that you see on windows while out for your daily exercise

## LET'S GET ACTIVE!

How about watch a child friendly tiktok dance and create your own routine or teach your parents one and have a dance off! It's great exercise. You can twitter it @ScarthoJ

DON'T FORGET TO JOIN JO WICKS FOR DAILY WORKOUTS LIVE ON YOUTUBE @ 9AM

Roy Lichtenstein liked creating very powerful pictures with words. Why not choose an action word or even your name and recreate it in his style?

POP a card to brighten a neighbours day!

## Let's be SCIENTISTS!

**Force and Motion**  
Watch a documentary all about forces and motion

**Plants and Growth**

Why not plant some seeds and take a photograph every day for two or three weeks. Put your photos in to a presentation to look how they have grown.

**Be SOLE**

Take any subject area here and create your own project and present in a medium you like!

Don't forget to gmail Mr Stead and Mrs Lyons your presentations, docs, pics or just tell us about what you have done!

[Jo.Lyons@scarthojunior.co.uk](mailto:Jo.Lyons@scarthojunior.co.uk)

## LET'S GET COOKING!

Now flour is in short supply, so make something without using flour that the whole family can enjoy! Look around the cupboards and find some plentiful ingredients you could use to make a recipe like -

Flourless Peanut Butter Cookies - have as a treat once you have finished some work or after helping mum and dad around the house.

## LET'S BE GEOGRAPHERS!

Ben Fogle is streaming live at 4pm each day on instagram and has a series about famous adventurers who conquered uncharted territories around the world if you search YouTube.

Find out about a famous explorer such as Shackleton; Captain Cook, Ranulph Fiennes or one of your own choosing. Write about what they discovered or accomplished and how/why. Use what you learned about when writing about your Tudor Explorers to help you with this.
